Diagnose and Repair - Washing Machine Diagnose and repair your existing washing machine.	\$238.00
WASHER Call Information Brand: LG TL or **FL**: Model #: Issue: Not Drain	
During the diagnosis, it was determined that a rug with long fibers had been washed in the washing machine—possibly an animal rug. As a result, the tubes became clogged, the filter was blocked, and the pump failed because the fibers had wrapped around it. The pump had to be replaced.
